### CHILLIWACK SCHOOL DISTRICT

#### **BAD WEATHER GUIDELINES—Information for Parents and Students**

Inclement weather conditions such as freezing rain, significant snowfall or high wind can occur during the fall and winter months. In such conditions, decisions on the opening or closure of school district facilities are made by the Superintendent of Schools in consultation with management and supervisory staff who have checked first-hand on the driving conditions and general condition of buildings.

While service to students and parents is a priority and schools will be kept open as much as is reasonably possible, student and staff safety is the primary consideration.

In the event of extreme weather conditions, parents are urged to check the School District website [www.sd33.bc.ca](http://www.sd33.bc.ca) or tune into radio stations **STAR FM 98.3FM**, **The Hawk 89.5FM**, or **CBC 91.7FM** to receive up-to-date information on school closures and information on the bussing. Reports will start after 6:00am and will be repeated often. The information broadcast is directly from the School District. **The reports are confirmed and there is no need to call your school**, the School District Office or the radio station. Students will be marked absent for the day, but such an absence will not affect a perfect attendance record.

In the event that there is inclement weather but the school remains open, it is the parents' decision, based on their assessment of the relative safety of travel conditions, as to whether or not their children attend school.
